# Keeping our children safe:

---

## A low-cost car seat safety program

- After attending a two-hour workshop, qualifying parents receive a voucher for ONE car seat or booster seat for their child for only \$20 redeemable at a local baby store
- Pre-registration is necessary, and parents must attend the class to receive the car seat or booster seat
- Maximum income requirements apply (Medi-Cal automatically qualifies)
- Classes are held in English and Spanish

By law, children must be in a car seat until they are 4 years old AND 40 pounds.

Children must be in a *booster* seat until 6 years or 60 pounds

Your child is safest in a booster seat until they are 8 years old or 80 pounds.

Class instructors will be happy to answer any questions you may have about car seat laws.
