

What's Wrong/Unsafe in this Room?

Presenter's Guide

Find and circle 10 or more things that are wrong or missing in the kitchen and family rooms.
(There are about 20 things wrong)

1) Have them write their name on the top of the picture. 2) Have them review the picture and circle what they see wrong or unsafe. 3) Have them describe what they see wrong on the back of the picture. Give them 5 minutes. The person that identifies the most items wins a prize – (select the top two or three, etc).

Family Room

1. Small toys on the floor (family room)
2. Poisonous plant can be reached by a toddler
3. Curtain cords hang too low
4. Electrical outlet is exposed

Kitchen

5. Hot cup of coffee at the edge of the table with a table cloth
6. Bucket of water
7. Hot cooking pot on front burner, handle sticks out from the stove
8. Mop can be knocked over and fall on the baby or baby could play or chew on the mop strings.
9. Kitchen sink cabinet door contains cleaners and is open
10. Kitchen cabinet drawer with metal pans is open
11. Big knife at the edge on top of the counter
12. Toaster cord is hanging
13. Trashcan is uncovered
14. Cookie jar may attract a toddler to climb the cabinet drawers.
15. Electrical outlet is not covered – next to the toaster.

Bonus Items missing

16. Fire extinguisher
17. Smoke Detector

Extra Bonus Items that could present a danger.

18. Stove may not be secured to prevent heavy equipment from toppling over a child. There is a lower handle where a child could try to climb trying to reach the cooking pot handle or is attracted to the flame.
19. There are sharp corners on the coffee table in the family room.
20. Chairs in the family room are low enough for a toddler to climb up and jump off and hit the table.
